

NIC Announces 2010 Annual Meeting Ambassadors

The North-American Interfraternity Conference is pleased to announce the selection of meeting ambassadors for the 2010 Annual Meeting.

The Ambassador program was developed to assist the NIC in providing professional service to member fraternities from first contact through the entirety of the Annual Meeting. The call for applications is issued in January to each NIC member fraternity. After a thorough selection and interview process the decision is made on those men who will represent their organizations on NIC Staff for the upcoming Annual Meeting.

The 2010 Ambassadors are Gordon Bothun, Delta Upsilon; Logan Reynolds, Pi Kappa Alpha; Marty Bock, Alpha Epsilon Pi; and David Baars, Sigma Chi. The ambassador team will join core NIC staff for on-site preparations including; registration, logistics, public relations, staff meetings, delegate relations, and other critical duties related to the annual meeting.

Baars is a graduate of the University of Puget Sound and serves as Director of Expansion for Sigma Chi.

Bock is a graduate of the University of Maryland and is completing his first year of travel with Alpha Epsilon Pi.

Bothun is a graduate of Carthage College and serves as the Chapter Development Coordinator for Delta Upsilon.

Reynolds is a graduate of the University of Central Oklahoma and is completing his first year as a consultant for Pi Kappa Alpha.

Participation in the program provides several opportunities for ambassadors including, networking with fraternity delegations and associate members, event management experience, attending the NIC Lobbying Team Reception and continued leadership development experience.

NIC President & CEO, Peter Smithhisler said, "Congratulations to the 2010 Ambassadors. I want to thank them in advance for their hard work. I would also be remiss if I did not thank our member fraternities for sharing the talents of these men with the NIC! We could not conduct this meeting without them."
